

Product Information

POLI-GUARD 6520 is a transparent, self-adhesive LDPE protection film, especially developed for the protection of polished and glossy surfaces, such as glass, plastic sheets (Polycarbonate, Acryl glass), stainless steel, varnished and anodized surfaces.

POLI-GUARD 6520 offers a temporary surface protection during storage, working process and installation works.

Due to the LDPE-film POLI-GUARD 6520 is harmless for the environment.

Technical Data

Carrier:	LDPE-film, transparent	
Adhesive:	Acrylic	
Adhesion [N/cm]:	0,60	+/- 10 %
Thickness [mm]:	0,05	+/- 5 %

Standard Dimensions

1.000 mm x 100 m

Safety Data Sheet

When used under normal conditions, this product does not generate or release any dangerous substances or hazardous chemicals. This is a non-hazardous product in accordance with the current GefStoffV and EU criteria. Therefore it is not necessary to prepare a Material Safety Data Sheet for this product. The Safety Data Sheet serves only to comply with the regulation to supply information in accordance with REACH Regulation (EC) No. 1907/2006 and is available on request. This product is not a hazardous product with regards to transportation legislation; neither does it contain substances that are hazardous to water within the meaning of the federal water act. After use, dispose of the waste product in accordance with the local / national authorities.
